

## **CAREERS IN INFORMATION TECHNOLOGY**

Most people don't realise how exciting, challenging, diverse and rewarding a career in IT can be. IT is a fast-paced and ever-changing environment where innovation is the key to success. The industry relies on energetic and innovative people for it to keep thriving. Today, almost everyone is an IT user whether it's a PC keyboard, calibrated controls or a wireless control, if you know how to make it work, you will be in demand. Choosing a career path is not always easy. It is wise to base your career decisions on a good understanding of yourself, as well as a thorough knowledge of the occupations and courses open to you. It is important that you take charge of your career. It takes time to think about yourself, to decide what sort of lifestyle you want, talk to people and to explore occupations.

## **COURSES TO SUPPORT YOUR CV, CURRENT JOB OR PROMOTION**

Should you already be in your desired career, IT can still support you and add value to your qualification giving you the edge over your opposition. There are courses designed for people with limited or no knowledge of computers who want to learn about the aspects of the popular Microsoft Office package to assist them in their current or future positions. Computer literacy is important for any person working in the formal employment sector today. Courses to 'support' your CV, current job or promotion can be done either through a part time career course pace or as a short course.

### **SUMMARY OF OUR COURSES:**

<b>Course</b>	<b>Duration</b>
Office Application Specialist Skills Programme	1 Year
Office Application Specialist Skills Programme	6 Months
Office Application Specialist Skills Programme	3 Months
National Certificate: Information Technology: End User Computing 61591 NQF 3 130	2 Years
Project Management Skills Programme	1 Year
System Administrator Skills Programme	3 Year
System Engineer Skills Programme	1 Year
MS SQL Server 2016	1 Year
Network Administrator	1 Year
Graphic Design, Multimedia and Web Programming Skills Programme	2 Year
System Developer Skills Programme	1 Year
MS Solution Developer: Web Applications	1 Year
Mobile Applications Developer	1 Year
<b>Office Administration Diploma</b>	4 Years

## **ATTI – QUALITY EDUCATION & TRAINING**

Within South Africa, **ATTI** is committed to aligning itself to the national initiatives regarding training and development strategies in the country. Our career and corporate students enjoy a sense of confidence regarding the service and value they obtain from us by entrusting their IT training solutions to **ATTI** that has:

- *Over 13 years' experience in Computer Education and Training*
- *Numerous Educational Training Centers in South Africa*
- *More than 50 highly qualified full time professionals*
- *A base of over 100 Corporate and Government clients*
- *Over 5000 students trained annually*
- *Staff who are passionate about students' future in Information Technology*

### **Our training involves:**

- *Outcome-Based Methodologies*
- *Practical assessments*
- *Highly qualified Lecturers, assessors and moderators*
- *Instructor-led Training*
- *Small classes with each student having his/her own computer to work on*
- *Practice sessions during the week and Saturdays for those who do not have computers at home.*
- *The latest courseware with the latest technology*
- *Because learners cope better in a learning environment with a more practical approach towards learning we aim to find the perfect balance between the classroom and the practical environment*

### **ATTI Accreditation:**

- *MICT SETA (Acc/2010/04/817) fully accredited with registered assessors and moderator*
- *FASSET SETA (585/01372/12) accredited with registered assessors and moderators*

### **Certification:**

*Assessment Opportunities: Students can be assessed through any of the following bodies:*

- *ATTI Skills Certificate (included in the course price)*
- *MICT Seta – SAQA credits (included in the course price, t's and c's apply)*
- *FASSET Seta – SAQA credits (included in the course price, t's and c's apply)*
- *ICDL – international certification ( excluded in the course price)*
- *Microsoft International – international certification (excluded in the course price)*
- *Ask your academic councilor for more information regarding these additional credit-bearing exams*

### **Graduation:**

*All students who successfully complete a full career course (1 year or more) will graduate at ATTI.*

## REGISTRATIONS FOR 2019 CAREER COURSES

- Registrations start from **1 October 2018** for **2019 First Semester** at ATTI
- Registrations **continue** from **3 January 2019** until classes start.
- Career classes start from **4<sup>th</sup> February 2019** for **First Semester** at ATTI
- Registrations start from **2 May 2019** for **Second Semester** at ATTI
- Career classes start from **1 July 2019** for **Second Semester** at ATTI
- **Registration: you need to:**
  - Fill in ATTI **application form**
  - Pay registration fee
  - Bring 2 x certified **copies of your ID book** and copy of ID book of the person that will be paying for your studies
  - The person responsible for payment needs to fill in forms and bring the necessary documentation. This person can come with you in January during orientation week before classes start to sort out your payment plans.
  - First monthly installment to be paid in January 2019.
  - **Please remember: Registration fee and 1<sup>st</sup> payment for course fees are due in January.**

If you studied somewhere else and would like to join ATTI, bring along your results from your previous school to see which subjects we can credit you with. We will also work you out a new quotation.

**ATTI has 300 scholarships to give away to any learner (both learners finishing grade 12 and students who are already working) for 2019. These scholarships subsidize additional student expenses you encounter as a student no matter how long you study here, it pays for all your books and course material that you need for your course as well as for exam rewrites. The scholarships work on a first come first serve basis and anyone can get one, no requirements are needed. The first 300 learners to register for a career course automatically get this scholarship. The scholarship is held on merit during your studies.**

### **DURING ORIENTATION OF YOUR COURSE:**

*On the commencement of any career course, all the ATTI staff are involved with the orientation of new registered learners. This orientation period of welcome helps:*

- *To facilitate a smooth transition from high school or work environment to a learning environment*
- *To provide a fun, interactive environment for new students to put them at ease*
- *To enhance the new student's potential growth and development in the classroom*
- *To provide professional academic advice and assistance for all new students*
- *To advise all new students of the policies, procedures, regulations, rights and responsibilities governing ATTI*
- *To create a positive attitude amongst the new comers and their career choice and studies thereof*
- *To increase student-faculty-administrative staff contact and interaction to create positive relations*
- *To introduce the new students to all the staff.*

*During this orientation, the students will receive:*

- *Students can choose a **class time** that suits them: either morning, afternoon or evening classes are options (as structured)*
- *A **payment option** contract will be issued to you where you can state the time of month that would best suit you for payment as well as the best method of payment. Course payment options are: Direct cash payment can be made to ATTI, Debit Order, Bank Account Deposits, Debit Card or Credit Card*
- *Student **Rulebook** to advise students on how ATTI procedures work*
- ***Course Introduction** and overview conducted by the lecturer*
- ***Courses' Timetable** to indicate the milestone of each subject and important dates for exams, practicals and projects*
- ***Course material or books***
- ***Student Cards***

### **PARENTS AND GUARDIANS**

*You can be confident about you and your family obtaining professional training that meets both the local and international standards at ATTI. Parents have access to staff during normal office hours. To see administration staff or lecturers contact the receptionist at (051) 430 2415 and she will arrange the appointment. Parents and Guardians are welcome to contact ATTI at any time for a study progress report. This report includes class attendance, exam results, practical results, project results, and outstanding exams or practicals.*

## OFFICE APPLICATION SPECIALIST SKILLS PROGRAMME

The purpose of this programme is to build the knowledge and skills required by learners within an office environment using MS Office Applications. It is intended to empower learners to acquire knowledge, skills, attitudes and values required to operate confidently in the MS Office Software environment.

### Duration:

- 12 Months – only day classes
- 6 Months - day or evening classes
- 3 Months – only day classes

### Minimum Requirements

- Grade 10

### Subjects/learning areas:

- Windows
- Internet
- MSOutlook
- MSWord
- MS Excel
- MS PowerPoint
- MS Access

### Possible Careers:

- Office administrator
- Personal assistant
- Project team member
- Call Centre Operator
- Data capturer
- Office clerk
- Cashier
- Secretary
- Receptionist

### Methodology:

- Lecturer-based classes
- Practical Application Programs

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI Office Application Specialist Skills Certificate
- Individual Unit Standards on NQF Level 3
- External International Exams at own cost.

## NATIONAL CERTIFICATE: INFORMATION TECHNOLOGY: END USER COMPUTER 61591

A qualifying learner will be able to: Apply the knowledge, techniques and skills of End User computing applications in the workplace, understand the impact and use information communication and technology in an organization and society, improve communication by combining communication skills with End User Computing skills and improve the application of mathematical literacy in the workplace by better utilizing applications.

### Duration:

- 24 Months

### Minimum Requirements

- Grade 12

### Subjects /learning areas

Year 1:	Year 2:
<ul style="list-style-type: none"> <li>• Windows</li> <li>• Internet</li> <li>• MSOutlook</li> <li>• MSWord</li> <li>• MS Excel</li> <li>• MS PowerPoint</li> <li>• MSAccess</li> </ul>	<ul style="list-style-type: none"> <li>• PC Basics</li> <li>• IT Concepts</li> <li>• HIV /AIDS</li> <li>• Communications</li> <li>• Mathematical Literacy</li> <li>• Accountancy Literacy</li> </ul>

### Possible Careers:

- Office administrator
- Personal assistant
- Project team member
- Call Centre operator
- Data capturer
- Office clerk
- Cashier
- Secretary
- Receptionist

### Methodology:

- Lecturer-based classes
- Practical application of programs

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI Office Applications Skills Certificate
- MICT SETA Certification Programme
- NQF Level 3
- Minimum 130 Credits
- *External International exams at own cost*

## PROJECT MANAGEMENT SKILLS PROGRAMME

The purpose of this programme is to build the knowledge and skills required by learners within an office environment using MS Office Applications. It is intended to empower learners to acquire knowledge, skills, attitudes and values required to operate confidently in the MS Office Software environment. Project Management is growing exponentially. It is now used in virtually all industries such as health care, government, education and banking. This course will teach students fundamental project management skills. It covers the entire project life cycle from initiation and planning through execution, acceptance, support and closure. Students will also learn to utilize the software package MS Project.

### Duration:

- 12 Months

### Minimum Requirements

- Grade 11

### Subjects / learning areas

<b>Semester A:</b>	<b>Semester B:</b>
<ul style="list-style-type: none"> <li>• Windows</li> <li>• Internet</li> <li>• MS Outlook</li> <li>• MS Word</li> <li>• MS Excel</li> <li>• MS PowerPoint</li> <li>• MS Access</li> </ul>	<ul style="list-style-type: none"> <li>• Project Management Theory (Project +)</li> <li>• MS Project</li> </ul>

### Possible Careers:

- Office administrator
- Personal assistant
- Project team member
- Secretary
- Receptionist
- Project coordinator
- Project Manager

### Methodology:

- Lecturer-based classes
- Practical application of programs

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI Project Management Skills Certificate
- Individual Unit Standards NQF level 3
- *External International exams at own cost.*

## ICB OFFICE ADMINISTRATION PROGRAMME

Be an indispensable all-rounder. This programme is perfect for those of you who want to learn a little bookkeeping, and a lot of all-round office knowledge. By learning about all the elements that contribute to a smooth-running office, you'll be able to help out in just about any department.

Increase your knowledge – and your responsibilities as you work your way through this programme's 12 subjects, you'll move up from the Foundation Level through the Intermediate Level and ultimately to the Advanced Level –and achieve their associated NQF qualifications.

This programme is a great choice if you want to help any company run in an organised way. The knowledge you gain in each successive qualification builds on the last, allowing you to take on key functions and increased responsibility in your workplace.

### Duration:

- 4 Years

### Minimum Requirements

- Grade 12

### Subjects / learning areas:

<b>Foundation Level: Certificate: Office Administration</b>	
<b>Year 1:</b>	<b>Year 2:</b>
<ul style="list-style-type: none"> <li>• Business and Office Administration (BOA1)</li> <li>• Bookkeeping to Trial Balance (BKTB)</li> <li>• Business Literacy (BUSL)</li> </ul>	<ul style="list-style-type: none"> <li>• Marketing Management and Public Relations (MMPR)</li> <li>• Business Law and Administrative Practice (BLAP)</li> <li>• Cost and Management Accounting (CMGT)</li> </ul>

- Certification through ICB
- NQF level 5 to 6

## SYSTEM ADMINISTRATOR SKILLS PROGRAMME

Year 1: PC Technician Skills Programme  
 Year 2: Computer Professional Skills Programme  
 Year 3: Computer Administrator Skills Programme

Students are then taught the latest skills needed by today's computer support professionals. Students will learn to perform tasks such as installation, building, upgrading, repairing, troubleshooting, configuration, diagnosing and preventative maintenance.

### Duration:

- 3 Years

### Minimum Requirements

- Grade 11

### Subjects / learning areas: International Curriculum:

PC Technician	
Semester A	Semester B
<ul style="list-style-type: none"> <li>• Windows</li> <li>• Internet</li> <li>• MSOutlook</li> <li>• MSWord</li> <li>• MSExcel</li> <li>• MS PowerPoint</li> <li>• MSAccess</li> </ul>	<ul style="list-style-type: none"> <li>• Hardware and Software Technologies</li> </ul>
Year 2: Computer Professional (Optional)	
<ul style="list-style-type: none"> <li>• Networking Technician</li> </ul>	<ul style="list-style-type: none"> <li>• Installation, Storage and Compute with Windows Server 2016</li> </ul>
Year 3: Computer Administrator (Optional)	
<ul style="list-style-type: none"> <li>• Networking with Windows Server 2016</li> </ul>	<ul style="list-style-type: none"> <li>• Identity with Windows Server 2016</li> </ul>

### Possible Careers:

- |  |  |   |
|--|--|---|
| <ul style="list-style-type: none"> <li>• Entry-level service technician</li> <li>• Enterprise technician</li> <li>• IT Administrator</li> <li>• Field Service Technician</li> <li>• PC Technician</li> <li>• Call Centre Technician</li> </ul> | <ul style="list-style-type: none"> <li>• Depot Technician</li> <li>• Bench Technician</li> <li>• IT System Consultant</li> <li>• Desktop User</li> <li>• Technical Sales Roles</li> <li>• Remote Support Technician</li> </ul> | <ul style="list-style-type: none"> <li>• IT Support Desktop</li> <li>• Technical trainer</li> <li>• Network Technician</li> <li>• System Administrator</li> <li>• Help Desk Technician</li> </ul> |
|--|--|---|

### Methodology:

- Lecturer-based classes
- Practical application of programs / technical tasks

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI PC Technician Skills Certificate / Computer Professional Skills Certificate / System Administrator Skills Certificate
- Individual unit standards based on NQF level 3 to 5
- Credits depending on years completed
- *External International exams at own cost.*

*\*\* Graduation: Only after completing the full 3-year System Administrator Skills Programme.*

## SYSTEM ENGINEER SKILLS PROGRAMME

Students are then taught the latest skills needed by today's computer support professionals. Students will learn to perform tasks such as installation, building, upgrading, repairing, troubleshooting, configuration, diagnosing and preventative maintenance, and basic networking. The students will gain knowledge and skills of networking by learning features and functions of networking components, installing and configuring, and troubleshooting hardware, protocols and services. Students will also learn to effectively maintain and monitor server resources, functions and performances.

### **Duration:**

- 1 Year

### **Minimum Requirements**

- System Administrator Skills Certificate

### **Subjects / learning areas: International Curriculum:**

<b>System Engineer</b>
<ul style="list-style-type: none"> <li>• Designing and Implementing a Server Infrastructure</li> <li>• Implementing an Advanced Server Infrastructure</li> </ul>

### **Possible Careers:**

- Systems Engineer
- Desktop Support Engineer
- IT System Administrator
- Field Service Technician

### **Methodology:**

- Lecturer-based classes
- Practical application of programs / technical tasks

### **Course Price:**

- Contact the Academic Councilor

### **Certification:**

- ATTI System Administrator Skills Certificate / System Engineer Skills Certificate
- Individual unit standards based on NQF level 3 to 5
- Credits depending on years completed
- *External International exams at own cost.*

## MS SQL SERVER 2016 SKILLS PROGRAMME

Students are taught the latest skills needed by today's computer support professionals. Demonstrate your broad skill sets in SQL Server administration and in building enterprise-scale data solutions both on-premises and in cloud environments

### Duration:

- 1 Year

### Minimum Requirements

- PC Technician or equivalent certificate

### Subjects / learning areas: International Curriculum:

MS SQL Server 2016
<ul style="list-style-type: none"> <li>• Querying Data with Transact-SQL</li> <li>• Developing SQL Databases</li> <li>• Administering SQL Database Infrastructure</li> </ul>

### Possible Careers:

- SQL Server Programmer
- SQL Developer
- SQL Server Database Administrator
- SQL Server Database Developer

### Methodology:

- Lecturer-based classes
- Practical application of programs / technical tasks

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI SQL Server 2016 Skills Certificate
  - MCSA: SQL Server 2016 certification at own cost. (Exams: 70-761; 70-4762 and 70-764)
- \*\* Please note this qualification is not aligned to any SAQA unit standards

## NETWORK ADMINISTRATOR

Students are taught the latest skills needed by today’s computer support professionals. The course covers common tasks in major distributions of Linux, including the Linux command line, basic maintenance, installing and configuring workstations, and networking. Security will equip you with the knowledge and skills required to install and configure systems to secure applications networks, and devices; perform threat analysis and respond with appropriate mitigation techniques, participate in risk mitigation activities; and operate with an awareness of applicable policies, laws and regulations.

**Duration:**

- 1 Year

**Minimum Requirements**

- PC Technician or equivalent certificate

**Subjects / learning areas: International Curriculum:**

<b>Network Administrator</b>
<ul style="list-style-type: none"> <li>• Linux Administration</li> <li>• Security Administration</li> </ul>

**Possible Careers:**

- Linux System Administrator
- Linux Security Administrator

**Methodology:**

- Lecturer-based classes
- Practical application of programs / technical tasks

**Course Price:**

- Contact the Academic Councilor

**Certification:**

- ATTI Network Administrator Skills Certificate
  - CompTIA certification at own cost. (Exams: LX0-103, LX0-104 and SY0-401, SY0-501)
- \*\* Please note this qualification is not aligned to any SAQA unit standards

**GRAPHIC DESIGN, MULTIMEDIA AND WEB PROGRAMMING SKILLS PROGRAMME**

The learner will specialize in Adobe Illustrator (Graphic Design), HTML 5 (Web Programming) and Bootstrap Framework (Responsive Web Design). This course will provide learners with the knowledge to create rich graphics. Learners will also cover the essential techniques required to create and maintain a production Internet and intranet site.

**Duration:**

- 2 year

**Minimum Requirements**

- Grade 11

**Subjects / learning**

**areas:**

<b>Year 1:</b>	
<b>Semester A:</b>	<b>Semester B:</b>
<ul style="list-style-type: none"> <li>• Windows</li> <li>• Internet</li> <li>• MSOutlook</li> <li>• MSWord</li> <li>• MSExcel</li> <li>• MS PowerPoint</li> <li>• MSAccess</li> </ul>	<ul style="list-style-type: none"> <li>• Adobe Illustrator</li> <li>• Online Marketing Basics</li> </ul>
<b>Year 2:</b>	
<ul style="list-style-type: none"> <li>• HTML 5</li> <li>• Cascading Style Sheets</li> <li>• JQuery</li> <li>• Bootstrap Framework</li> </ul>	

**Possible Careers:**

- Graphic Designer
- Multimedia and Animation Designer
- Web Designer
- Web Programmer
- Web Commerce Consultants
- Web Application Developer
- Web Commerce Consultants
- Software Analyst
- Data

**Methodology:**

- Lecturer-based classes
- Practical application of programs / technical tasks

**Course Price:**

- Contact the Academic Councilor

**Certification:**

- ATTI Multimedia and Web Programming Skills Certificate Skill Certificate
- Individual unit standards NQF level 3 to 5
- Credits depending on years completed

## SYSTEM DEVELOPER SKILLS PROGRAMME

This course is for learners who want to become advanced developers who can design and develop leading-edge enterprise solutions.

### Duration:

- 1 year

### Minimum Requirements

- ATTI Graphic Design, Multimedia and Web Programming Skills Certificate

### Subjects / learning areas:

System Developer
<ul style="list-style-type: none"> <li>• WordPress</li> <li>• MySQL</li> <li>• PHP</li> <li>• Laravel</li> </ul>

### Possible Careers:

- Graphic Designer
- Multimedia and Animation Designer
- Web Designer
- Web Programmer
- Web Commerce Consultants
- Web Application Developer
- Web Commerce Consultants
- Software Analyst
- Database Developer
- Web Applications Developer
- IT Manager
- Software Engineer

### Methodology:

- Lecturer-based classes
- Practical application of programs / technical tasks

### Course Price:

- Contact the Academic Councilor

### Certification:

- System Developer Skill Certificate
- Individual unit standards NQF level 3 to 5
- Credits depending on years completed

## MS SOLUTION DEVELOPER: WEB APPLICATIONS

Get expertise in creating and deploying modern web apps and services

### Duration:

- 1 Year

### Minimum Requirements

- Office Application Specialist Skills Certificate or equivalent certificate

### Subjects / learning areas: International Curriculum:

MS Solution Developer: Web Applications
<ul style="list-style-type: none"> <li>• Programming in HTML5 with JavaScript and CSS3</li> <li>• Developing ASP.NET MVC Web Applications</li> <li>• Programming in C#</li> </ul>

### Possible Careers:

- Web Developer
- Web Programmer
- Software Developer
- Web Application Developer
- Software Solutions Consultant
- Software Engineer

### Methodology:

- Lecturer-based classes
- Practical application of programs / technical tasks

### Course Price:

- Contact the Academic Councilor

### Certification:

- ATTI Solution Developer: Web Applications Skills Certificate
- MCSD: Web Applications certification at own cost. (Exams: 70-480; 70-483 and 70-486)

\*\* Please note this qualification is not aligned to any SAQA unit standards

## MOBILE APPLICATIONS DEVELOPER

Get expertise in developing and programming mobile applications for Android and IOS.

**Duration:**

- 1 Year

**Minimum**

**Requirements**

- Office Application Specialist Skills Certificate or equivalent certificate

**Subjects /learning areas:**

<b>Mobile Application Developer</b>
<ul style="list-style-type: none"> <li>• Java Programming</li> <li>• Android Programming</li> <li>• IOS Programming</li> </ul>

**Possible Careers:**

- Mobile Application Developer
- Mobile Application Programmer

**Methodology:**

- Lecturer-based classes
- Practical application of programs / technical tasks

**Course Price:**

- Contact the Academic Council

**Certification:**

- ATTI Mobile Applications Developer Skills Certificate
- \*\* Please note this qualification is not aligned to any SAQA unit standards

## SHORT COURSES

Office 2013/2016 Package Short Courses	Duration
<b>Office Application Specialist</b> <ul style="list-style-type: none"> <li>• Windows</li> <li>• MS Word</li> <li>• MS Excel</li> <li>• MS PowerPoint</li> <li>• Internet Explorer</li> <li>• MS Outlook</li> </ul>	5 Days
